

★2019★
WALLER ISD
BOND ADVISORY COMMITTEE

February 7, 2019

Dear Committee,

Welcome! Today marks the beginning of some of the most historic, community-based work ever done for Waller ISD. You have agreed to serve our students and teachers by helping us prepare to consider a November 2019 bond election. It is truly noble work, ranking right behind teaching and learning in importance to our district and community.

Our community is thriving and growing. We must keep pace to meet the education expectations of our families and community, and the competitive education environment in our state and nation. Waller pride and our commitment to greatness demands that we take a serious look at our facilities and programs.

Over the next few months, you will have the opportunity to learn more about public education than you ever knew. We will take you on a journey of facts, figures, and facilities that will result in your deliberating on a bond election proposal to the Board of Trustees. It will be difficult work with hard decisions, but we are confident you will successfully navigate the process and see it to conclusion. That's why you were chosen.

On behalf of the Board of Trustees and our team, thank you once again for your time and dedication to WISD through the 2019 Bond Advisory Committee work.

Sincerely,
Kevin Moran
Superintendent
