REACH ENTERPRISE PROGRAM

Reach Unlimited Enterprise Program

Our Mission Statement

The Reach Unlimited Enterprise Program is dedicated to providing work opportunities to each Reach client so that he or she can earn a paycheck and be a contributing member of the community.

Remember the exhilaration you felt when you earned your first paycheck? Our Reach clients feel the same way. The Enterprise Program at the Learning Activity Center provides in-house opportunities for clients to earn that paycheck. These clients, many of whom are unable to work in the outside community, gain a sense of purpose and self-worth while being creative and having fun.

Fused Glass

The primary focus of the Reach Enterprise program is fused or art glass. In our studio, guided by caring instructors, client artisans create everything from sparkling sun-catchers to tableware to tabletops in beautiful, glowing colors. We have five kilns that we use to fuse and slump our glass.

The clients also carefully hand-imprint colorful napkins to make any celebration more personal and festive. All proceeds from the sale of these products go directly back into the Enterprise program—to pay the clients and staff and buy supplies.

Special Orders

Reach clients create an ever-changing variety of beautiful fused glass products. We can customize almost any item so that it will blend with your décor, and we encourage you to challenge us to make new and unique items.

Among other things, we make:

- Sun Catchers
